

Blood Drives Co-Sponsorship

A project began in 2008 in cooperation with the American Red Cross to hold a community blood drive in the Grange Hall. The first collection drive was held in October 2008 and subsequent annual drives have been held each January in joint sponsorship with the Keystone Area Council, Boy Scouts of America. During the most recent blood drive in January, 2012, the Grange provided a free brunch for all donors. Unfortunately, the weather that day was snowy so turnout was light. The Scouts did an outstanding job with set-up and clean-up duties.
